

February 28, 2023

February was a busy month for Circle of Friends. Mother Nature wasn't sure what she wanted to do with the weather. We had some really warm days for February, and then we had a few snow days. Daylight Savings starts in March so days will be getting longer.

Unfortunately we lost a wonderful friend. Judy Kellogg passed away over President's weekend. She was such an amazing person and will be greatly missed. We honored Judy with a gathering on February 22nd. We had Heather Gold come up from Hill Country to help support us through our loss.

Circle of Friends had our first "Potato Bar." We celebrated Valentine's Day

with a meal together. Baked potatoes and lots of yummy toppings. There sure is something special about sharing a meal together.

Circle of Friends has been working on outreach ideas. A few we came up with at the Steering Committee Meeting were meeting with our community partners and getting Social Media. We will be going to visit community partners in the coming months to learn more about their programs and share about Circle of Friends. In order to get the word out through social media, we will be able to post events and happenings on Hill Country's Facebook page. We are hoping to reach as many people as we can, so people know who we are and what resources we offer.

Dates to Remember:

- ❖ Wednesdays –
Circle of Friends
Recovery Group
- ❖ March 1 – BINGO!
- ❖ March 12 – Daylight
Savings
- ❖ March 16 – Steering
Committee Meeting
- ❖ March 17 – St
Patricks Day Party
